

Greetings NTC Anglers

We eagerly await your visit to our community. With a phenomenal fishery extending beyond more freshwater shoreline than any other county in the United States, we can almost guarantee that your fishing experience in Delta County will be an enjoyable one!

Anglers have long known that the Bays de Noc are the places to fish. Now come and enjoy our Delta County hospitality. Bring your family and friends along, there's plenty for everyone to do!

The downtowns of Escanaba and Gladstone and the surrounding area as well as the Delta Plaza Mall offer a wide variety of shopping – from antiques, to unique gifts, books and original art. Our many parks are well maintained and feature tennis courts, sand volleyball, and playground equipment for the little ones. The Sand Point Lighthouse, Delta County Historical Museum and the restored iron-smelting village at Fayette State Park offer a glimpse into the history of our area.

If you need additional information about our community, please contact the Chamber at Commerce at 906-786-2192, www.deltami.org or the Bays de Noc Convention and Visitors Bureau at 800-533-4FUN, www.visitescanaba.com. Both organizations will be delighted to provide advice or assistance on most any aspect of our community. Call us ~ we'd love to be able to help!

Sincerely,
Vickie L. Micheau

On behalf of the local sponsoring organizations the Cities of Gladstone and Escanaba and their Downtown Development Districts, the Bays de Noc Convention and Visitors Bureau, the UP State Fairgrounds, Bay de Noc Chapter of the Great Lakes Sportfishing Club, and the Delta County Chamber of Commerce
